Description

We present to your attention a new project in Alanya in the Oba district, which will be commissioned in June 2022. You purchase at affordable prices and become the owner of apartments in a residential complex today. Exquisite design and the best location are the advantages of the residential complex. The residential complex is located 1300 meters from the sea (15 minutes walk).

The entire urban infrastructure of the city is nearby - there are shops, restaurants, cafes, the city hospital, and one of the best private TED schools. The infrastructure is presented: a swimming pool, a sauna, a jacuzzi, a mini-bar, an equipped fitness room, and a parking area for any type of vehicle. And be sure the territory will be planted with evergreens and fruit trees. Caretaker services (kapaji) are provided to ensure the cleanliness and order of the residential complex.

The project comprises 5 floors with 24 apartments 1+1 and 2+1.
