## Description

In the picturesque area of the coastal resort area of Alanya - Mahmutlar, it is planned to build a cozy, low-rise residential complex. It is 750 meters away from the sea, about 10-15 minutes on foot. The residence will be represented by two four-story blocks, the first floors of which are intended for infrastructure, and a compact landscaped area with a good range of services aimed at comfortable living.

Layouts are presented: two-room apartments 1 + 1 with an area of 45-47m<sup>2</sup>, 61-63m<sup>2</sup> with their own green garden of 18.5m<sup>2</sup>, and three-room 2 + 1 apartments with an area of up to 80-84 m<sup>2</sup>. The price of the apartments includes full finishing with high-quality materials, built-in cabinet furniture in the kitchen area, and complete bathrooms.

Buying real estate at the construction stage is the most profitable because the price is the lowest. It will increase significantly after the commissioning of the facility.
