The complex is distinguished by the quality of construction, good waterproofing, and view characteristics (there is a panorama of the city and the sea from the 3rd floor).

- Start of construction: December 2021
- End of construction: January 2023

Also, the project will interest all those who want to invest and increase their capital, since at the construction stage the prices are much lower than the market ones, and buying now, you have an excellent opportunity to earn money in the future.

For our clients, there is an interest-free installment plan until the end of construction. An ideal option at an affordable price is to enjoy life by the sea.

Kargicak is a district of Alanya, located twenty kilometers from the historical center of the city. The area with low-rise buildings, good mountain airflow, and restaurants has exploded over the past ten years, on the site of a small village surrounded by banana plantations and orange

groves. There are a lot of foreigners living here. Both long-term and seasonal rentals are in demand. An excellent selection of investment proposals at very attractive prices.
