Description

We would like to present you a new project in Alanya, in a quiet and cozy area of Demirtash, in walking distance to the sea! Demirtash is unique for its clean mountain air, fruit gardens, fresh vegetables and fruits and organic dairy products all year round.

This area is located far from the city noise, not yet affected by the mass development, differs in coziness, the cleanest beaches without active tourism. At the same time, there is everything necessary for permanent residence or recreation at sea family.

More and more developers will build complexes here in the coming years, thanks to the availability of free land, the infrastructure will develop rapidly.

Gazipasa Airport is only 20 km away. It has excellent sandy beaches, one of the cleanest places on the coast! Also, all the infrastructure necessary for life is sufficiently developed: shops and pharmacies, restaurants and cafes, transport accessibility.

Everything you need for life can be bought in local shops, and for more serious shopping you can go to one of the central areas of Alanya with large shopping centers.
