It is here that is the best beach in Alanya and one of the best in the entire region of Antalya - the famous Ijekum - 1.5 km of sandy coastline with a gentle entrance to the Mediterranean Sea. The perfect place to live and relax with children!

In the area of Avsallar there is all the necessary infrastructure for a comfortable life: a beautiful beach, market, supermarkets, restaurants, kindergartens and schools.

The residential complex will be built according to the highest quality standards, using the latest and latest technologies. The construction of the housing complex will be started in June 2022. In June 2023, the project will be put into operation.

At the time of construction there is an opportunity to buy an apartment by the sea in an interest-free instalment with the first contribution of 30%.
