Description

Apartments and penthouses in the complex at the initial stage of construction at starting prices. In May 2022, the construction of a new residence began in the ecologically clean area of Alanya - Gazipasa, which is famous for its beaches and clear sea.

A cozy residential complex comprises one eight-story block, 89 apartments: 1 + 1 layouts with an area of 50 square meters, 2 + 1 apartments with an area of 65 square meters, and 2 + 1 and 3 + 1 layout penthouses. All apartments will be rented with a full fine finish, built-in kitchen, and installed plumbing.

The project will be implemented in a large area of 4100 m², providing for extensive outdoor and indoor infrastructure. Residents and guests are provided with recreation and barbecue areas, swimming pools, a SPA center, and conditions for sports. We did not forget about the little residents of the complex: summer and winter playgrounds and a swimming pool are equipped for them. Landscaped garden, elegant lobby, and transfer to the beach and the market will leave no one indifferent.

The residence is located 1 km from the sandy beaches of the Mediterranean Sea and 500 meters from the main urban infrastructure for everyday life - shops, pharmacies, schools, medical facilities, cafes, parks, bank branches, public transport stops, etc.

In recent years, after the opening of an international airport here, the area has been actively built up with new residential complexes and hotels, so much attention is paid to the development of the area's infrastructure, which is increasingly pleasing with its diversity.

Apartments layouts 1+1, 2+1, and 3+1 duplexes, ranging from 50 to 130 m². The price of the apartments includes fine finishing of high-quality materials, a built-in kitchen, interior doors,

intercom, fully equipped bathrooms, outlets for air conditioners, household appliances, etc.

The commissioning of the residence is scheduled for December 2023.

Gazipasa is one of the most interesting non-tourist cities in Turkey. From the rear, the regional town is protected by the Taurus Mountains, and in the south is by the Mediterranean Sea.

Gazipasa is a beautiful and cozy resort town with a peaceful atmosphere and a few locals. This is a brilliant choice for a measured individual or family vacation. Especially when you want to "hide" as far as possible from the hustle and bustle of megacities, plunging into silence and solitude. A minimum of development, a few comfortable and inexpensive hotels, corners of pristine nature, impeccable ecology, a good Turkish market on Fridays, delicious food in cafes and restaurants, affordable prices, many excursions, and much more that Gazipasa offers its guests.

Take advantage of a great opportunity to invest in the future of your family in a comfortable residential complex in a quiet, ecologically clean area of Alanya.
