Description

The project of a residential complex in the center of Mahmutlar. We focus on customer requests and have built a complex in the center of the popular area of Alanya - Mahmutlar. It will be in a lively location next to Ataturk Street and 400 meters from the Mediterranean Sea. Within walking distance are shops, trendy cafes and restaurants, a fitness club, and pharmacies. In design, the developer adheres to the concept of his previous projects: laconic solutions for the facades of the building, calm tones in the decoration, panoramic windows, and glass balconies, give additional lightness to the structure. The advantage of our projects is the combination of functionality, quality materials, and aesthetics.
