- Flooring in all other rooms - porcelain stoneware
- Built-in spot lighting
- Kitchen set with LED lighting
- Fully equipped bathrooms
- intercom
- Windows with double glazing and metal profile
- steel front door
- Wooden interlock doors

The main concept of the complex is a multi-tonal composition with its own stylistic features that distinguish each block. Therefore, we named each of the blocks after the best world composers. Block A - Tchaikovsky, where a gentle and elegant performance is expressed, Block B - Beethoven with solemn intonations, Block D - this is Mozart - the classics and greatness of symphonic music, Block C - Vivaldi with his diversity in performance styles. Related to this is the view of the complex, where Block D is strikingly distinguished by its direct view of the blue Mediterranean Sea. Blocks A and B are blocks of different view characteristics, which offer magnificent views of the Taurus Mountains.

The complex itself is located on top of a hill. Around the complex there is a park area and nothing will block the view from the window.

For the entire construction period there is an interest-free installment plan with a down payment of 30%.
