## Description

A new project in one of the most investment-attractive places - in Pazardzhi - a modern district of the city of **Gazipasa**.

Gazipasa is a region of the Mediterranean, the active development of which started after the opening of an international class airport.

A 10-storey residential complex is being built just 5 minutes from the city center.

Within walking distance there is a hospital, schools and kindergartens, supermarkets, cafes and restaurants, a well-maintained embankment with children's playgrounds. And the sandy shore, the stunning beauty of the bay and the lagoon - this is what attracts everyone here.

Buying an apartment in this project will be interesting for both permanent residence and investment.

**The complex has 68 apartments of the following layouts:**

- 1+1 (60-70m<sup>2</sup>),
- 2+1 (105m<sup>2</sup>).

The apartments will be handed over with a fine finish, a kitchen set and a fully equipped bathroom.

The complex boasts a range of impressive amenities and facilities, from a large outdoor swimming pool to a state-of-the-art fitness center.

**Also for residents are provided:**

- Bar by the water
- indoor pool
- Barbecue area
- Outdoor sports grounds
- Tennis court
- Green area
- Hamam
- Sauna
- Cinema
- Billiards
- outdoor parking
- Closed parking (paid)
- Concierge

The complex is also ideal for families with children, as the infrastructure of the complex takes into account the wishes of the little residents: a children's playroom with a variety of toys, a playground with swings, a pool with water slides and many outdoor areas for active games.

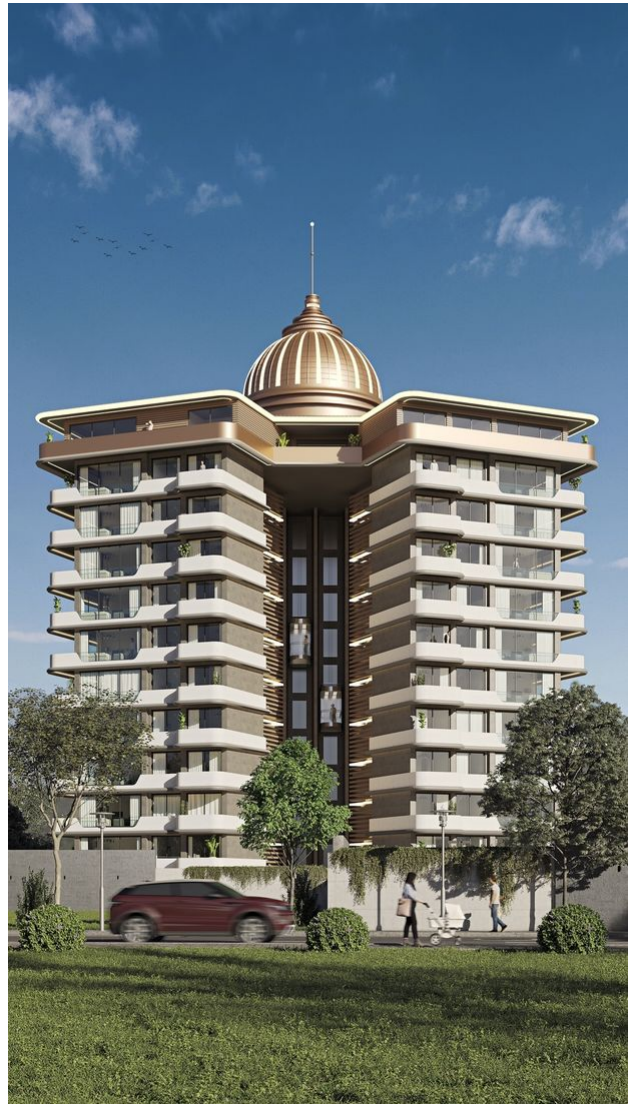

To top it all off, the complex has a 24/7 security system to ensure the safety of its residents.

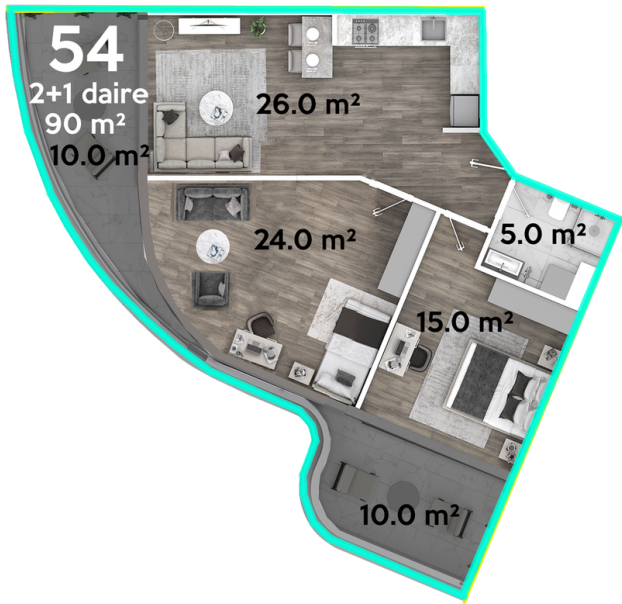

**The construction of the complex starts on February 1, 2023 and will last until August 30, 2024.**

Also, until the end of construction, payments in installments with an initial payment of 40% are provided.
