Description

Villas have started to be built next to the first golf courses in Alanya, a project that has been approved in the Kargicak area.

Located 2300 m from the sea.

With a unique view of the sea and the nature of Alanya, the smart home system with a modern architectural structure consists of ultra-luxury villas to be built on plots of 360 m² and 460 m², which can produce their own electricity and sell excess electricity, and are suitable for receiving **Turkish citizenship**.

Each villa will have outdoor parking for 2 cars.

There is a closed area of 106 m² and a terrace of 28 m².

- The ground floor has a living room, kitchen and bathroom.

Our villa will have an elevator without a hydraulic engine room and it will go up to all floors.

The area of the first floor is 121 m², of which 73 m² is closed and 48 m² is a balcony.

This floor has 1 shared bathroom and 3 bedrooms.

- Two of these bedrooms have ensuite bathrooms.

The second floor will consist of a closed area of 50 m², a terrace of 30 m², with a total area of 80 m².

This floor has been designed solely for the use and comfort of the owner.

There is only a master bedroom on this floor. It will have a dressing room, a large bathroom, a Jacuzzi overlooking the castle and the sea. It is designed for social activity, recreation and entertainment.

The terrace has a jacuzzi with a unique view for 4 people and a sunbathing area.
