The complex will include a 5-star hotel and 7 residential blocks. The project provides absolutely everything for relaxation and comfortable living. Most of the land is allocated for infrastructure construction. Great attention was paid to sports and entertainment areas.

The hotel will operate year-round, and apartment owners will be able to enjoy all the benefits of the hotel: order food in bars and restaurants at a discount using a special owner's card, use the SPA center and gym with professional trainers, contact a special department at the reception for owners for any technical questions and much more.

The complex will provide a transfer to the center of the area, and to the private beach of the Incekum coast, which has a Blue Flag certificate for cleanliness and safety, where a beach club, sun loungers and umbrellas are located. You can also walk to the beach, it will take you no more than 5 minutes - 900 meters.
