Description

An apartment from an investor in a residential complex under construction in the Gazipasa area.

Gazipasa is one of the most interesting non-tourist cities in Turkey. From the rear, the regional town is protected by the Taurus Mountains, and in the south by the Mediterranean Sea. Gazipasa is a beautiful and cozy resort town with a peaceful atmosphere and a small number of locals. This is an excellent choice for a measured individual or family vacation. Especially when you want to "hide" as far as possible from the hustle and bustle of megacities, plunging into silence and solitude. A minimum of development, a small number of comfortable and inexpensive hotels, corners of pristine nature, impeccable ecology, a good Turkish market on Fridays, delicious food in cafes and restaurants, affordable prices, many excursions and much more that Gazipasa offers its guests.

A cozy residential complex consists of one eight-story block, a total of 89 apartments.

Layout 1 + 1 with an area of 50 m2.

The apartment will be rented with a full fine finish, built-in kitchen and installed plumbing.

The project is implemented on a large area of 4100 m², provides for an extensive external and internal infrastructure. Residents and guests are provided with recreation and barbecue areas, swimming pools, a SPA center, and conditions for sports. We did not forget about the little residents of the complex: summer and winter playgrounds and a swimming pool are equipped for them. Landscaped garden, elegant lobby and transfer to the beach and the market will not leave anyone indifferent.

Infrastructure:

- Outdoor pool with water slides
- Children's swimming pool
- Fitness
- Sauna
- Hamam
- steam room
- Children's playroom
- Children playground
- Gazebo for relaxation
- B-B-Q
- landscaped garden
- Internet
- Generator
- car parking
- Elevator
- Video surveillance 7/24
- Free shuttle to the beach and market
- Closed area

The residence is located 1 km from the sandy beaches of the Mediterranean Sea and 500 meters from the main urban infrastructure for everyday life - shops, pharmacies, schools, medical institutions, cafes, parks, bank branches, public transport stops, etc.

In recent years, after the opening of an international airport here, the area has been actively built up with new residential complexes and hotels, so much attention is paid to the development of the area's infrastructure, which is increasingly pleasing with its diversity.

Cost - 119.000 €
