Description

As part of the concept of “health, well-being and anti-aging programs, or eternal youth”, which is the main theme of the project, the site is home to the first aquaponic and hydroponic gardens on the island, as well as the first and only biological pools on the island.

Just a 5-minute walk from the project is a professional 18-hole golf course, which is designed on 5 courses of different heights, offering a magnificent panoramic view of the sea, which is only a hundred meters 100 meters away.

Kyrenia city center is only 25 minutes away.

This magnificent leisure and entertainment center will have 3 different architectural parts, with a total building area of 12,000 m² on a 100,000 m² plot of land.

The 209 luxury residences will be surrounded by orchards and aquaponic gardens that grow medicinal plants.

Villa layouts: 4+1 area 210 m²
