Description

The project is located in the Iskele region, in the area of the most popular sandy beach in Northern Cyprus LONG BEACH.

A rarity for this area is a low-rise boutique complex near the sea.

Layouts:

- studio area 32 m2
- studio-loft area 47.3 m2

The distance to the Mediterranean Sea and the sandy equipped beach is only 600 meters.

The complex is great for renting out (near the sea and a sandy beach) and for living (within walking distance of restaurants, banks, beauty salons, coffee shops, a promenade for walking and a jogging track for almost 12 km).

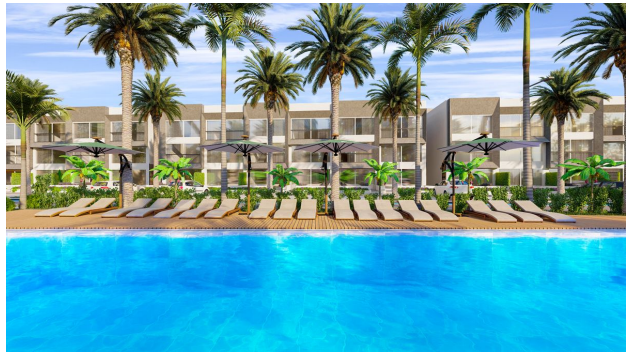

Nearby there is a playground near the sea and an amusement park.
