Description

A new project in Payallar - a promising and investment-attractive area.

The residential complex will be represented by one four-story block, and the territory covers an area of 1700 m2.

The project construction start date is February 2023, completion is June 2024.

Payallar, located 14 km from the center of Alanya and not far from the tourist Konakli, is becoming more and more popular and in demand. Equipped beaches and convenient entry into the sea, coniferous forest, social infrastructure: a school, supermarkets, a hospital, ATMs,

pharmacies contribute to a comfortable stay.

The complex will be located just 1 km from the sea.

Close proximity to the beach and panoramic sea views, high quality construction standards, all amenities and necessary infrastructure make the project unique.

This project offers 32 **1+1 and 2+1 rooftop duplex apartments with stunning sea views.**

External and internal infrastructure will include a large outdoor pool, indoor pool, sauna, fitness, cafe, built-in kitchen, playground, billiards, outdoor parking.
Do not miss a great opportunity to buy an apartment in a project under construction on favorable terms and with investments for future profits.
