The peculiarity of this complex: penthouses with a private pool. All apartments are rented fully finished, equipped with bathrooms and kitchen units.

Residents of the complex are offered a summer swimming pool with a children's area, a winter pool, a Finnish sauna, a Turkish hammam, a Roman steam room, massage rooms, a fitness room, a children's playground, a well-groomed green area with walking paths and fountains, gazebos for relaxation, an electric generator, a closed parking, security and video surveillance.

The Kargicak area is a tasty morsel on the seashore. A very green and elite area of the city. The development features villas and private residences. This area is suitable for a quiet and measured holiday, for those who are tired of the bustle of the big city and are looking for solitude with nature. Kargicak has excellent beaches and azure clear water. This is also the closest area of the city to Gazipasa International Airport, the distance from the airport is 20 km.

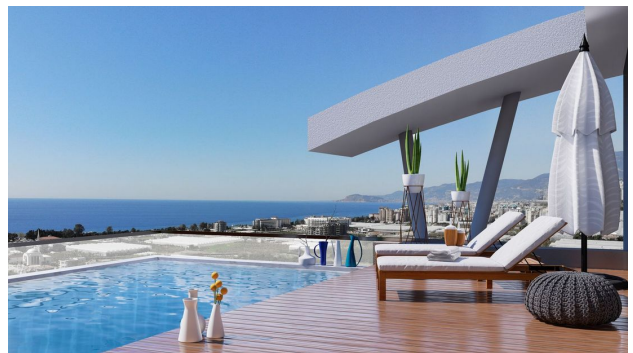

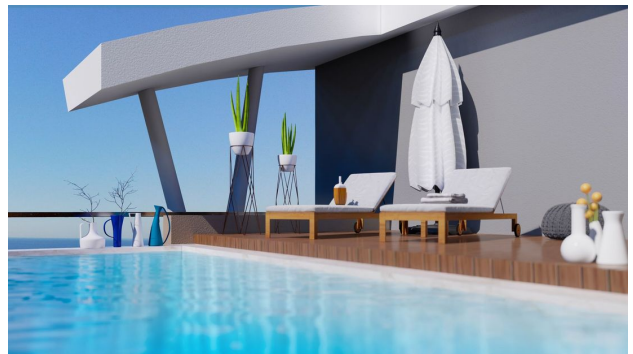

Construction completion date: 12.2022.

The complex is completely ready to move in.
