Description

A plot of land for sale in the picturesque area of Kestel, Alanya, intended for the construction of a residential complex.

This area is considered successful:

- Plot area: 4,142 m².
- The distance to the sea is 1.3 km, which allows residents to enjoy proximity to the coast.
- The site is flat and prepared for construction, which will save time and resources.
- There is a preliminary business plan for the development, which is available for detailed discussion with potential investors.

The price of this plot is 3,600,000 €.

This site provides opportunities for the development of a residential project in Kestel.
