When developing the complex, many criteria and wishes of clients were taken into account.

Kargicak is one of the most picturesque corners of the Mediterranean Riviera, facing the Taurus Mountains.

This is Alanya's favorite. You have a chance to become residents of this area by settling in the complex.

The complex, which will be created on an area of 10,733 square meters at a distance of 1,800 meters from the beach, will resemble a gentle river flowing from the Taurus Mountains to the Mediterranean Sea.
