Description

The modern residential complex offers high quality amenities and comfort for its residents.

It includes a spacious parking area, providing convenience to car owners. A modern intercom system is provided for effective internal communication.

LAYOUTS:

- 1+1
- 2+1

The solar heating system provides efficient and environmentally friendly heating of premises.

The interior space of the apartments is organized taking into account practicality and style. Built-in wardrobes in the bedrooms and kitchen cabinets provide ample space for convenient storage. An elevator provides easy access to all floors of the complex.

A wide range of kitchen cabinets and finishing materials, such as ceramics for bathrooms and kitchens, give residents the opportunity to choose options that suit their tastes and preferences.

This residential complex combines modern technology and aesthetics, providing a high level of comfort for its residents.
