Description

The project is based on the concept of recovery and energy recharge, creating spaces that help residents recover and recharge.

Located in the scenic area **of JVC**, the complex offers unique features to make life comfortable and fulfilling.

Features of the project:

- **Natural design:** The architecture and interiors of the complex are based on natural motifs to create a cozy and harmonious environment.
- **Fully furnished apartments:** All apartments are offered fully furnished, including decoration, furniture and household appliances, ensuring convenience and comfort from the moment of occupancy.
- **Rent management:** Tenants have the opportunity to rent their apartments for short-term or long-term rent, which opens up new investment opportunities.
- **Smart home systems,** curtains with a blackout function, climate control, mattresses with shape memory and circadian lighting create optimal conditions for a healthy and comfortable stay.
- **Sports hall and fitness areas:** The spacious 200 square meter gym is equipped with various areas for cardio, strength training, pilates, TRX and a yoga terrace, promoting an active lifestyle for residents.
- **Green Business Lab:** This innovative space offers areas for virtual meetings, lectures, negotiations and healthy eating, creating ideal conditions for work and communication.
- **Spaces for children:** Special areas for development and entertainment are provided for small residents.

The apartments are presented in different layouts:

- **Studios:** from 41 to 43 m²
- **1-room apartments:** from 55 to 75 m²
- **2-room apartments:** from 95 to 100 m²
- **Duplexes:** 320 m²

The price is from €151,500

Comfortable payment plans:

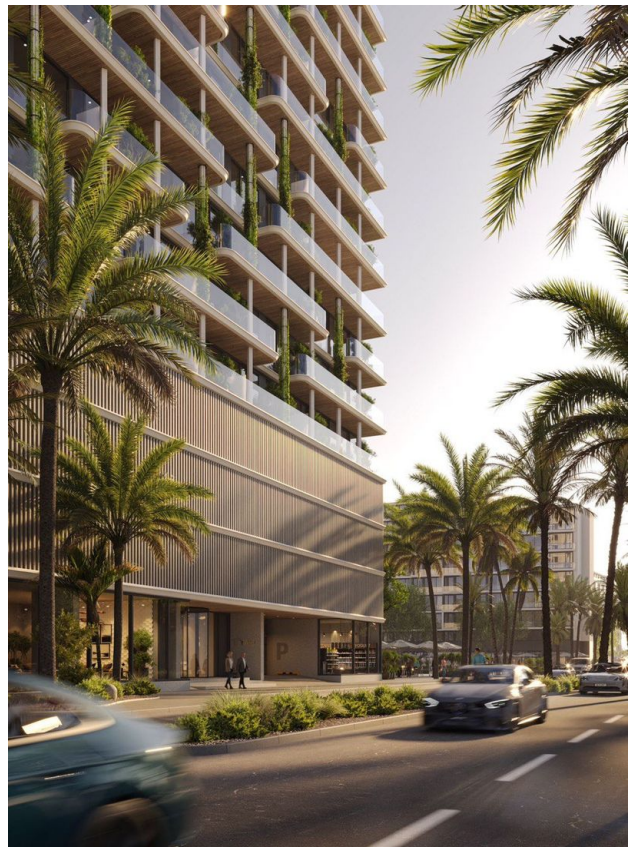

- **10% down payment**, 60% at the construction stage and 40% upon receiving the keys make this project accessible to a wide range of investors.

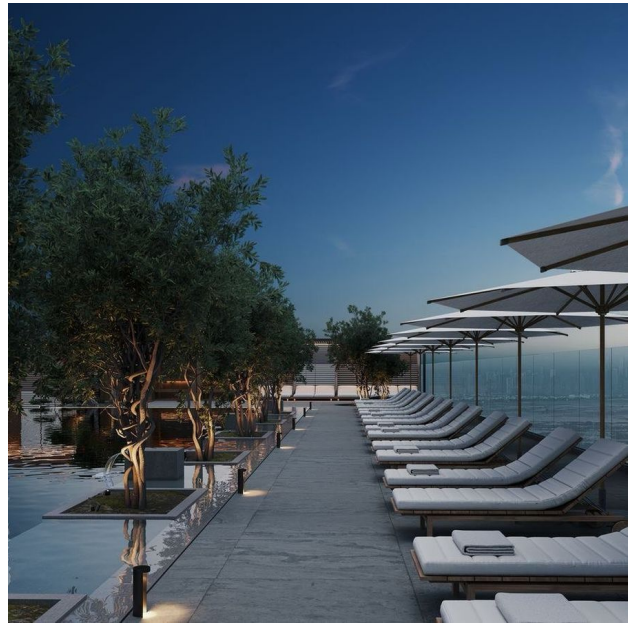

With more than 30 green areas and various facilities for rest and active pastime, the Recharge Residence complex provides a high level of comfort, health and satisfaction of the needs of all residents.

Construction completion date: Q2 2026.
