It is only a short drive from Ercan International Airport, which makes it an ideal place for recreation and permanent residence.

Not far from the complex is the city of Lefke, which is becoming more and more popular thanks to the development of its ties with the European community.

This opens up new opportunities for both recreation and investment, especially given the proximity to the International University.

The penthouse on the thirteenth floor offers a unique experience of life from a height with the best view of the entire island.

A year-round restaurant and bar on the beach, as well as a water sports club and a kitesurfing school, provide a variety of entertainment for all members of the family.

The children's playground and landscaped gardens create a cozy atmosphere for children and adults.

The location of the complex also provides easy access to various local attractions, including the beach, golf course, Troodos ski resort and many others.
