Description

A new area in a complex located in the most elite location of the island.

The complex offers a unique combination of natural excellence and architectural excellence.

The villas, perched on a hilltop, provide breathtaking views of green landscapes and the endless ocean.

The style of modern classicism in architecture adds sophistication and impeccability.

But the main decoration of the villas is the private **swimming pool**, where you can enjoy coolness and privacy at any time of the day.

The complex is not only a place for recreation, but also a full-fledged urban project, combining all the infrastructure necessary for modern life.

Here you will find luxury beach clubs, restaurants, shops and much more to make your stay in Bali unforgettable.

When purchasing a villa in the project, you can also take advantage of favorable terms for purchasing in installments: only 30% down payment and installments without interest.

And when you choose the **30 year Leasehold** option, you get the option to extend for a further 30 years to ensure your tenure remains durable and resilient to market changes.

Don't miss your chance to make your dreams come true!

Sales begin today, so hurry to secure your place in this unique community of luxury and comfort.
