Description

Apartment in a new residential complex in Mil Palmeras, on the second line to the sea.

We offer for sale a spacious and modern apartment in a new residential complex located in the prestigious area of Mil Palmeras, on the second line to the sea.

The residential complex includes **communal swimming pools, gardens and apartment buildings with two and three bedroom apartments, each with two bathrooms and balconies with stunning views of the landscaped areas.**

All apartments are equipped with a furnished kitchen, laundry room and pre-installed air conditioning. The exterior finish is made of PVC with a Climalit type double air chamber, which provides excellent heat and sound insulation.

The kitchen is equipped with high and low cabinets, Silestone or similar worktops, extractor hood, induction hob and electric oven.

The production of hot water for domestic needs is carried out using the aerothermal method, which allows significant energy savings.

Electrically operated external blinds in the living room and bedrooms provide additional comfort and security. The entrance door to the apartment is armored, which guarantees a high level of security.
