The first stage of construction includes 30 apartments and 14 spacious townhouses, each of which provides maximum comfort.

Description of the townhouse:

- 4 bedrooms
- 3 bathrooms
- terrace 25 m²
- area 157 m²

The complex has **a private parking, storage rooms, a recreation area, a green recreation area, a children's playground and a swimming pool, creating ideal living conditions.**

In the neighboring area there are all the necessary facilities: a large shopping center La Marina, restaurants, coastal schools, theme parks, golf courses and, of course, a variety of beaches - from the spacious Poniente beach to the cozy coves of La Cala Finestrat.

This complex combines the advantages of a quiet area with developed infrastructure.

Excellent location between Finestrat and Benidorm, access to the best beaches and a convenient installment system make this one of the best offers for buying real estate for both personal use and as an investment.
