## Description

**A new residential complex in Alicante is a stylish four-storey building**, which houses 61 apartments with spacious garages and storage rooms, combined with green and recreational areas for the comfortable life of each resident.

This project perfectly combines innovation, technology and ecology, including its commitment to environmental protection.

The complex includes **swimming pools for adults and children, as well as spacious green areas for relaxation, which turns it into a real center of leisure and comfort**. The building is filled with additional light and reflects the wonderful climate of the region, creating a pleasant atmosphere all year round.

It uses an energy efficiency system **of class A +**, which allows residents to enjoy comfort with minimal costs.

The complex is expected to be commissioned **in June 2025**.
