The plot is situated in an area of active residential development, making it an ideal location for businesses with high foot traffic and great potential.

**The project consists of three blocks:**

- **Blocks A and B** include spaces designed for commercial use.
- The ground floors of both blocks are occupied by spacious retail shops, while the upper floors feature offices and duplex offices, suitable for various types of businesses.

**A wide range of spaces is available:**

- **Shops:** from 69 m<sup>2</sup> to 310 m<sup>2</sup> (21 options in total).
- **Offices:** from 60 m<sup>2</sup> to 449 m<sup>2</sup> (26 options in total).

The cost of the spaces will vary depending on the stage of construction, providing an excellent opportunity for investors to purchase properties at earlier stages at more favorable prices.

The project combines a strategic location, a variety of commercial spaces, and a flexible payment system, making it an attractive choice for both businesses and investments.
